Stanhope Defeat Bough Manor in Derby Thriller

(By Brian Molehusband)

Stanhope CC travelled to Wooten Bassett on Saturday afternoon for a keenly contested bout with the free scoring players of Bough Manor.

Taking up the challenge for Stanhope were Beaufort (C), Charles, Molloy, Buffers, Bunter and Pip. Bough Manor went into bat first with the plucky Gordon and Bullingworth. This pair laid the foundations for a healthy total of 134 with a partnership of 62 off 50 balls. Gordon, in particular, looked to be in fine form.

The Stanhope bowlers had a pretty torrid time of it and looked a little worn out after their exertions at the Plough and Whistle the night before. However, young Buffers somehow managed to keep the ball on target and finished with a healthy haul of 5 wickets.

Stanhope's batsmen hit back though and managed to reach the required score with about 10 balls to go. Beaufort knocked four 6's in a breathtaking stand of 41. He was ably supported throughout the afternoon by the top order batsmen. He said after the game, "*It was a*

jolly close run thing for a while until old Bunter pulled off a few cracking shots. Bravo to him and the rest of the fellows".

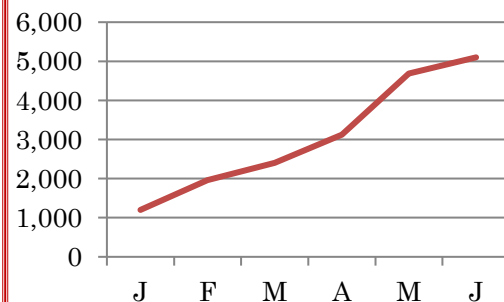

All in all it was an excellent afternoon's play and we can look forward with a sense of renewed optimism to the local playoffs which are scheduled for July 12th.

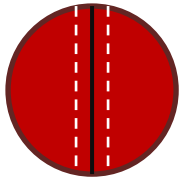

Funding For Club House Roof Well On Track

(By Edith Wart)

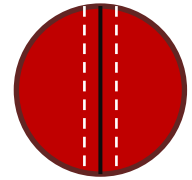

There is no letup in the campaign to raise enough funds to pay for the new roof to the club house. I am pleased to inform you that after considerable effort on the part of players' wives and relatives we are now very close to reaching our total of £6,000.

Changes to Management Committee Structure

(By Major Ian Hewitt)

Several players have asked for clarification regarding the hierarchical structure of the club management. At an institution such as ours it is imperative that everyone know their place and what they are expected to do if given an administrative role.

Until now there has been some confusion about basically who is in charge and who has the final say when big decisions need to be reached.

Well, I didn't get where I am today by dilly dallying with that type of nonsense so I have taken the liberty of establishing a precise and easily understandable structure which the chart below summarizes clearly.

While I don't expect any complaints about such a clear system that is beneficial to one and all, I would like to take this opportunity to remind

the club's members that any significant objection may well result in my funding of the new roof having to go on hold as I weigh up my commitment to the club and its crumbling infrastructure.
